EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: In claim 3 line one cancel the "2" and insert –1--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art does not teach nor render obvious the instantly claimed invention. There is no teaching in the art to create the weakened region in the substrate prior to growth of a first layer and then separating the substrate as is now claimed. The prior art teaches away from this set of processing steps. The weakening step is done after the growth due to temperature reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
